RENEWING/RETURNING MEMBERS

We offer different membership pledge levels based on age and number of income-earners. We acknowledge that requesting membership pledges by age is not always an accurate or equitable way to assess membership affordability and the scales are not meant to imply that people of a certain age should be making a certain income. They are suggestions to help guide you in making your decisions. If you can pay more (or less) than suggested in your age group, please adjust your pledge accordingly.
