

Kehilla COVID Vaccination Policy

Approved by Kehilla Board on 10/26/21

Everyone attending any program, event, service or meeting held at Kehilla (indoor or outdoor) is required to be vaccinated and will be asked to show evidence upon entry.

Those who are not yet eligible for vaccination or who have a medical condition that prevents them from being vaccinated will get a rapid COVID test and will be admitted if it is negative.

Masks will continue to be required for all participants, except leaders who may be unmasked while leading and will take a rapid antigen test beforehand.

This policy will apply to all Kehilla activities that take place at the Kehilla building, including rentals. A temporary exception will be made for rentals that serve children. Unvaccinated youth under 12 will be exempt from the testing requirement until seven weeks after vaccines become available. They will need to wear masks at all times.

Regardless of vaccination status, anyone experiencing symptoms of potentially contagious illness should remain at home and access Kehilla events virtually.

Specific Kehilla programs or activities, including Kehilla School, may issue additional guidelines that are more strict than these.

This policy will go into effect on the first night of Chanukah - Sunday, November 28, 2021.

This policy is subject to change in the future.
