

Prepare for Yizkor with the Scroll or Memory or Zoom Squares of Memory!

Virtual and In-Person Options

Yizkor, on Yom Kippur afternoon, is our service to remember those who have died in years past.

We invite you to prepare to participate in one or two ways:

1) We will post virtual Zoom Squares of Memory during the Yizkor service while the physical Scroll of Memory is being revealed in the sanctuary.

Create one 11"x 8.5" paper with names listed of people you are remembering who have died in years past can be made ahead of the service -or you can hold up photos (remove from glass frames to reduce glare) during this part of the service. Together these Squares will create an online quilt of names and images in gallery view on your device.

2) There will be a Scroll of Memory in Kehilla's lobby - a cloth scroll on which we write the names of beloveds who have died in years past.

You can write on the scroll during holy day services for in-person attendees. The Scroll will be unfurled during the Yizkor service in the Sanctuary.

We look forward to sharing in these powerful practices of remembrance together as a community.
